PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Katherine Pyeatt respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 243A at Guthrie, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 243A to Guthrie, Texas, as that community's first aural broadcast transmission service. Guthrie is a city with a population in of 160 people according to the Texas State Data Center estimates of January 1, 1998. Guthrie is the county seat of King County. Guthrie has its own judge, Judge Carolyn McClary, its own school system, its own post office, its own volunteer fire department and a number of local churches. The proposed channel 243A to Guthrie will provide additional diversity and an outlet for local self-expression to Guthrie residents and therefore is in the public interest.

Should this petition be granted, and Channel 243A be allotted to Guthrie, Texas Petitioner will apply for Channel 243A, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,
